|---|---|
| Duration of time: | <i>[it's usually 3-4 years, however, some institutions have a different length]</i> |
| Country/(ies) supported | NA |
| Description/qualifications of eligible participants | Research Consortia who have been successfully awarded in June 2024 will be able to participate in a mid-term and a closing conference dedicated to the topic, starting in 2025. |
| Stipulations for the maximum number of researchers in the consortium | Research Consortia who have been successfully awarded in June 2024 are all invited to attend these conferences. |
| Type of contribution + amount of contribution (K€) | <p>in-kind</p> <p>Starting in 2025, AllEnvi (through CNRS and other willing AllEnvi members) will organize a mid-term conference and a closing conference that are likely to be held in person in France.</p> <p>Examples of conference themes will be centered around latest developments for early career scientists and around climate and ecology of health.</p> <p>Conferences will be separate from midterm meetings that is organized at SRI. These conferences are more data-centric and provide opportunities for intra-CRA collaboration, skill-building, and ideas exchange.</p> <p>Experts from France and other BF partners will be invited.</p> <p>Details will be provided for only the funded projects in summer of 2024.</p> |
| Maximum amount that can be requested | NA |

| | |
|--|---|
| per project or by researcher (K€) | |
| Restrictions for use of funds | NA |
| Specific themes within the call | NA |
| Where to submit proposal | www.bfgo.org [and list out instructions if you have a parallel requirement for your submission] |
| [Additional information] | This in-kind offer from AllEnvi will only be applicable to successful applicants. More details will be released to the funded proposal members after June 2024. |
